

Harvest Prospects Have Improved

More Homes For War Workers Are Needed Here

Canyon is gradually filling up with workers from the war plants now under construction near Amarillo.

Several families have moved here during the past few days, and others are expected to come as more men are added to these plants.

Mayor C. H. Jarrett is having a survey made of the town to ascertain just how many houses and rooms are available to house more people.

Real estate agents are calling upon all citizens who have property to rent to list this property at once. One family was here the first of the week which could not secure the kind of house desired.

While Canyon does not have many vacant houses, now is the time to get all vacancies filled, it is believed.

The question of transportation between Canyon and the war plants has not been solved. An attempt is being made to bring the victory busses from Amarillo to Canyon, but for the present the State Highway department objects to additional busses being added to any of the highways.

It is a well known fact that surveys have been made for at least two proposed war projects in Randall county, but so far no official action has been taken.

There are adequate facilities in Canyon to take care of several thousand more people before the capacity of our public utilities is reached, and these factors have been stressed in presenting the desirability of Canyon to the government.

Salvage Search Has Brought Much Old Scrap Iron

The salvage campaign in Randall county has slowed down because of the rush of farm work.

C. D. Black has taken over the collection of scrap iron, and has delivered many tons to Amarillo. Many farmers have delivered scrap iron to the markets and no records are available of the collections made by such individuals.

Farmers who have small amounts of iron to turn over to the government and do not wish to make their own deliveries to the market are requested to bring this iron to Canyon. The iron will be weighed and when sold the farmers will get their money on this scrap iron. C. L. Thompson states that farmers may make arrangements at his office for leaving their scrap iron.

There is great demand for scrap iron in the war factories. A national drive has been in progress for several months, and all farmers are urged to sell their scrap iron at once so that the steel mills may be supplied with materials. A certain amount of scrap iron is necessary to keep the mills turning out steel for planes, ships and guns.

County Raises Pay of Road Employees

At the monthly meeting of the Commissioners Court this week, all regular employees on the county roads were given an increase of \$10 per month.

The pay was increased from \$120 to \$130 per month for 11 men who are working regularly for the county.

HEAR FROM SON

Mr. and Mrs. E. C. Penick this week heard from their son, Lt. Lucius Penick, who is with the air force. His location is not known, but they feel that he is in Australia. He reported that he was "flying some now" in contrast to the last word received from him in April when he was working in the Adjutant General's Office.

HERE FROM MONTANA

Mr. and Mrs. Walter W. Sanford arrived Monday from Billings, Montana for a visit here in the home of her mother, Mrs. L. M. Cousins. Mrs. Sanford is the former Christine Cousins. Mr. Sanford teaches English and Journalism in the Billings High School.

Mr. and Mrs. Frederick Walker have recently moved to Amarillo from Port Arthur. They sold their home there before moving to Amarillo where Mr. Walker has accepted defense work. Mrs. Walker is the former Gwendolyn Black of Canyon.

Mrs. Earl Robbins is taking her vacation this week from the West Texas Gas Company.

Hopper Poison Now Available

Mixing Plant Is Started and Ready to Serve the Farmers and Town People

Poison bait for the control of grasshoppers is now available to any one who needs it for killing grasshoppers either in fields or gardens, states County Agent W. H. Upchurch.

The mixing station, which is located at the rear of the old I. O. O. F. building west of the Post Office, is open each afternoon and will continue as long as there is a demand for the poison.

All of the materials for poison bait are furnished by the Federal Government. The Commissioners Court furnishes the storage and pays such costs as unloading cars, etc. This year a small service charge is being made to help pay the cost of maintaining the station and wages of the man in charge of mixing operations.

Farmers using the poison bait will be required to do their own mixing.

Poison bait mixed according to the standard government formula is effective in the control of grasshoppers under ordinary conditions if properly spread where grasshoppers are small and feeding near the ground. For best control of hoppers in gardens it should be spread around the borders and between rows. If grass or weed areas border a garden it is well to spread the poison bait for a considerable distance on all sides of the area to be protected. There is very little danger from spreading poisoned bait in fields, except to alfalfa which is nearly ready to cut. In this case it is better to spread thinly just after cutting and perhaps a little heavier around the borders of the fields.

New Office Set Up for War Price and Ration Board

The Commissioners Court has turned over to the War Price and Rationing Board the regular meeting place of the court on the second floor of the court house.

An office has been maintained by the board in the office of the County Judge. Business of the board has increased so rapidly that it was necessary to find larger quarters, and the Court gladly gave the use of this room to the war work. The court will meet in the office of the Judge.

This board started as a tire rationing board, but now sugar and price control has been added to its duties. It is expected that other war rationing will be added to the work of the board.

Miss Helen Whiteside is assisting T. S. Stevenson, clerk, in the office work.

Canyon Schools in Good Condition Is State Report

Work in the Canyon high school was praised in a report made by Carl C. Clift, Deputy State Superintendent. Mr. Clift made a thorough inspection of work in the school and of the physical plant before the close of the school year.

The faculty is above the average in training, and the instruction is above the average, according to the report. All of the teachers hold a college degree, and more than half hold the M. A. degree.

The physical plant was completely renovated at the beginning of the school year and is in good condition. The school program is properly organized and operated efficiently.

Law Sone Re-elected President Wesleyan

Law Sone has been re-elected president of Texas Wesleyan College of Fort Worth for a three year term. Mr. Sone is the son of Mr. and Mrs. C. L. Sone of Canyon, and spent the week end here.

Law is a graduate of West Texas State and his administration of the Fort Worth college has been outstanding.

CLEAVINGER REUNION

The M. E. Cleavingers were hosts to the family last Sunday when all of the children were home. Those present were Mr. and Mrs. Norman Cleavinger and family of Spring Lake, who spent several days here; Mr. and Mrs. Elmer Cleavinger and children of Vega, Mr. and Mrs. M. E. Cleavinger, Jr. of Stratford, and Mr. and Mrs. W. E. Miller and boys of Canyon. Mr. and Mrs. M. E. Cleavinger, Jr., had visited here since Thursday.

Miss Viola Dooley who has been teaching at Community Center, has returned to Canyon for the summer.

Flag Day Next Sunday

Jimmie Allred to Be Greeted Here By Many Friends

Judge James V. Allred, candidate for United States Senator will visit Canyon Friday afternoon at 2:30 o'clock and it is expected that many Randall county voters will meet Judge Allred at that time.

The visit is in the nature of a visit with friends. However, it is expected that Judge Allred will speak while here.

Cards and stickers for Allred have appeared in Canyon, and many Canyon citizens are expressing their preference for this popular Ex-Governor of Texas.

All voters are urged to be at the Court house at 2:30 to welcome Allred.

Candidates Must File By Saturday Night This Week

Practically all of the county and precinct candidates have filed for a place on the Democratic ballot for the July primary.

Candidates have until Saturday, June 13, to file their applications for a place on the primary ballot. Applications must be filed with Clyde W. Warwick, chairman of the County Executive Committee.

The County Committee will meet next week to make assessments against the candidates in order to pay for the Democratic primaries. The candidates have until June 25 to pay their assessments.

Future Home Makers Work on Projects In Groups

Due to the war emergency girls enrolled in the summer Home Making projects do not meet in a body, but there are several groups over the county that meet once each week to work on their projects.

Canyon High School girls meet on Mondays and Wednesdays. The Monday group is working on the Year Book, titled: "The Future Homemakers on the Home Front." At the last meeting they made the cover which was a screen painted Liberty Bell.

The Wednesday group is making scrap books, joke books and cross word puzzle books to send to the boys in service. They also take the condensed novels from magazines and place them in attractive covers.

W. T. High School girls meet each Monday for their project-work similar to that stated above. Monday they put the blocks of a knitted afghan together. These had been made by the girls of the sixth grade.

Last week members of the Lake-side community met in the home of Margaret Lair to work; and girls of the Stone district meet every week to carry on their appointed task.

W. Holmes Smith Is Speaker at Lions Club Thursday

Repeating a talk on "Government Housing" he made last week to the Rotary Club, W. Holmes Smith talked to members of the Lions Club at their Thursday luncheon.

Mr. Smith stressed the three different types of housing being used by the government, namely: the trailer house, fabricated houses and permanent structures, where the industry will last longer than the duration of the war.

Ed Williams told of some of his experiences on a recent trip to Old Mexico to conclude the program.

VISIT HERE SUNDAY

Captain W. E. Lockhart together with Colonel and Mrs. Charles W. Mays and three children, Charles, Jr., Elizabeth and Katherine, spent the week end here with Mrs. Lockhart. All are of Fort Sill, Okla., where Captain Lockhart is in the finance office and Col. Mays is with the Field Artillery. Mrs. Mays is a daughter of Captain and Mrs. Lockhart.

Mrs. Mary Burtz and her brother, John, of San Fernando, Calif., returned home last week after a month's visit in Kansas and Nebraska. Mr. Burtz returned to the West Coast Sunday.

Prof. T. M. (Uncle Tommy) Clark of Portland is here visiting at the home of his son, Wallace R. Clark.

Mrs. Laveta Hawkins spent the week end at Earth visiting her parents, Mr. and Mrs. E. R. Hawkins.

Mr. and Mrs. W. C. Rozell and Mrs. True Prizzell spent the week end at Carlsbad Caverns, N. M.

Men Leaving for Armed Services

Two Calls For This Month and Number of Volunteers Added to Army and Navy

Another group of men will leave next Monday to enter the armed forces under Selective Service. The call is for 19 men. About half of these are volunteers and have already entered the service.

Another call for four men on June 30 has been received.

Leslie Van Meter, Robert P. Carter and Berl Huffman left Thursday for Scott Field, Ill., where they will start work in the physical education department. Carter is with the Amarillo Junior College and Huffman is one of the Tech coaches. All three were recommended by Al Baggett.

Other volunteers this week were: Jas. W. Hodges, aviation cadet.

Roy Cheatham, W. T. graduate from Panhandle, army physical education program.

Glen Leroy Austin, coast guard. Notice has been received that Dr. Conrad Freed and Prof. James Butler will likely be called into the Officers Training Camp during July, instead of this fall. The Texas quota for this training has been increased from 60 men per month to 150 men.

Jack Curtice of the Texas School of Mines, registered with the Randall County Board, was here Monday. He has been ordered to report to the Navy at Dallas Friday for physical education work. He returned to El Paso yesterday to make arrangements to start his new work.

New Car Stamps Are Put on Sale at the Postoffice

The new Federal Car Use Tax Stamps were placed on sale at the postoffice yesterday. The old stamps will expire on June 30, and all car owners must have the new stamps affixed to the windshields on July 1.

The new stamps are of much better material than the ones issued last year. The stamps are printed in red, and the face of the stamps are glued so that they may be stuck to the windshields facing out. Each stamp has a serial number, and car owners are advised to keep a record of the serial number of the stamp which they buy.

On the back of the stamp are four blanks for make of car, model, engine number and State tag number. Car owners may write their names on the stamps.

The stamps cost \$5.00 each. The first stamps were for only part of the year and sold at \$2.09. Each car owner was required to send in a postcard when buying the first stamps, but this has been eliminated with the new stamp.

Which department of government will enforce this law is not clear. So far as any one knows, no check has been made on cars which might be violating the law. But this is like many other federal laws—the violator is safe so long as he gets away with it—but is due for a \$10,000 fine if caught by Uncle Sam. Practically all car owners prefer to pay \$5.00 rather than run the risk of a \$10,000 fine.

War Bond Sales Quota Are Little Under Par Here

War Bond Sales for the first eight days of June amounted to \$4,481.25, according to a report of R. H. Wright, county chairman.

The quota for June is \$19,800. The sales for the month are a little under the quota so far this month, states Mr. Wright.

SOLDIERS HOME

Sgt. Jesse Bewley, Sgt. Curtis Eliston, Sgt. Jas. H. Riley, Cpl. Ashley T. Pritchard, Cook Chas. Brasuel and Pvt. Oran McBroom arrived Saturday from Camp Blanding, Fla., on a 10-day furlough. They are all members of Co. F, which left Canyon in January, 1941.

C. L. Drummond is home from San Antonio where he is in the air corps.

Mrs. Myrtle Evans, Billy and Pat, and Mrs. Hollis Evans of Phoenix, Arizona, arrived Sunday to visit in the home of Mr. and Mrs. Worth Jennings, Jr. Mrs. Evans will leave soon to visit her husband who is stationed in the army air corps at Joplin, Mo.

Mrs. Carl Love is spending the summer in California.

Federal Aid to Public Schools Is Being Sought

A bill is pending in Congress to appropriate \$300,000,000 for the support of public schools. If this bill passes, the schools of Texas will receive about \$1432 per capita, stated Dr. A. M. Meyer, president of the West Texas Conference for Education. School officials are asked to write their Senators and Representatives urging them to support the bill.

"It is intended that the control and supervision of public schools shall remain solely a State function, or a local function under State law," is a provision of the law. This provision was written to overcome objections raised to the federal government making contributions to local schools.

The National Education Association has urged such an appropriation for a number of years, and from indications, Washington is now in favor of coming to the assistance of the schools.

Rubber Scrap to Be Collected By President's Order

So far no agency has been set up to handle old rubber. The President will probably make this announcement soon.

In the meanwhile, all citizens should begin to collect rubber and have it available when the call is made. The future of gasoline rationing likely depends upon the amount of old rubber which may be salvaged over the nation.

Hospital Notes

June 3, Mrs. Mary Cook, medical.

June 4, Mrs. Lucy Herlocker, W. T., medical, dismissed June 7.

June 4, Erma Fulkerson, W. T., medical, dismissed June 7.

June 5, Lena Brillhart, W. T., medical, dismissed June 7.

Program Will Be Held 2:30

All Citizens Asked to Take Part in Patriotic Program on the Court House Lawn

Flag Day will be observed in Canyon next Sunday. All citizens are requested to have their flags out all day. Any who have flags of our Allies are requested to have them on display.

A program will be given at the bandstand at 2:30 o'clock in the afternoon. Promptly at 2:30, the two new fire sirens will be sounded for 2 minutes. One of the sirens is at the high school and the other at Bob's Coffee Shop. This test is made to see whether they may be heard in all parts of Canyon. The first alarm will be followed by one minute of silent prayer. The sirens will then sound all-clear and the program will start.

Dr. Conrad Freed, air warden, is in charge of the program. Patriotic music will be played by the Buffalo Band.

Rev. C. C. Armstrong will pay tribute to the boys who have given their lives of the country.

Dr. Freed will talk on "What Flag Day Means."

W. F. Nix will give a patriotic talk, "We Must Be United."

Mass singing of patriotic songs will close the program.

All citizens are invited to participate in the program.

Aviation Work To Be Given at WT Start Monday

In answer to a Government plea for training of high school teachers in elementary aviation, West Texas State College will offer a special course beginning Monday, June 15.

It will be a course with graduate or undergraduate credit of six semester hours. Classes will meet three hours a day for six weeks. The cost of the course will be \$20 including fees and books. The instructor will be Supt. J. W. (Ted) Reid of Dumas, licensed pilot who was a flier in World War I.

The purpose of the course is to prepare high school teachers to offer pre-flight training to high school boys and girls next term. Thousands of American high schools will offer this work in the fall.

Phases of the special course will include airplane design and structure, communications, meteorology, aerodynamics, aircraft engines, elementary air navigation, safety and civil air regulations, and specialization. These subjects are prescribed by federal agencies.

Many Panhandle principals and superintendents will designate teachers to take the course, according to Dean R. P. Jarrett, coordinator of college aviation courses. Dean Jarrett is attempting to fill a quota of ten students for a summer CPT course scheduled to start about June 15. Young men of 18 to 26 years are eligible to take this course, which leads to the civilian pilot license.

"I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

CRAZY POLITICS

The political campaign in Texas received a shot in the arm at the last minute by wholesale announcements of candidates. Or was it a shot in the arm?

The score board reveals that there are four candidates for U. S. Senator. However, the fight will be between the three ex-governors, O'Daniel, Allred and Moody.

Governor Coke Stevenson drew six opponents. The Governor could win in the first primary. Hal Collins, staunch friend of Senator O'Daniel, seems likely to be the strongest opponent in the field. He is anti-Roosevelt; a radio entertainer; a scrappy campaigner; but these will not get him enough votes to win over the Governor if the two should go into the second primary.

There are nine candidates for Lieutenant Governor. This is the largest field and so far there is no way to evaluate the strength of any in the race.

There are five candidates for State Treasurer; two for Land Commissioner; two for Attorney General; two for State Superintendent; four for Commissioner of Agriculture; three for Railroad Commissioner; two for Court of Criminal Appeals; four for Court of Civil Appeals; two for Congress.

While the ticket is not as long as it is in most elections, it is altogether too long, considering the war and the lack of interest on the part of the voters.

State candidates get their names printed on a million primary ballots for only \$100, while county candidates hold the bag and are forced to put up the money to finance the primaries. It costs less to get your name on the ballot for a state office than it costs candidates for the best

offices in Randall county—which is not right. The State Democratic Committee collects about \$40,000 to operate the state office, which is entirely too much money, while county committees have to do a lot of scheming, and charge local candidates more than should be charged, for the purpose of holding the double primary for the benefit of the state candidates. The News hopes that Senator Grady Hazlewood and Representative Jack Little will do something about this inequality at the next session of the legislature.

Railroad Commissioner Jerry Sadler resigned his job at 4 o'clock on the afternoon of June 1, a few hours before closing time for candidates to file for the office. In his resignation he asked the Governor to appoint James E. Kilday, and Kilday was the only candidate to file for the office. In other words, Sadler closed the door so far as other candidates were concerned. That was a convenient method for Sadler to secure the election of his friend Kilday. Unfortunately for the two schemers, Governor Stevenson has refused to accept the resignation and criticized the method used by Sadler to secure the election of a man whom he favored for the office. Sadler says the office is vacant, because he has moved out and has been inducted into the army. Whether the Governor can refuse to accept his resignation is a question for the lawyers to fight about.

Bombers over Germany are spreading destruction over Hitler's manufacturing plants. England has been sending a thousand bombers nightly, and the result has been terrifying. Will the bombers win the war? We hardly believe this is possible. Tanks and infantry will be needed in vast numbers to back up the destruction which the bombers are doing. England was bombed almost off the map, and survived. Thousands of bombers over Berlin and Tokyo will do a lot of softening up, but when our land forces start marching toward these cities, the Huns and Japs will realize they have at last met an unconquerable foe.

Six months ago Sunday Japan struck at the United States, making this an almost total world war. Japan struck on orders from Berlin, not because the Japs loved Hitler so much as she hated and feared the United States. With much of our fleet and industry engaged in saving England, the Japs had visions of conquering the East without much opposition from the United States. She has made great progress during the first six months. However, if the United Nations can come to the assistance of China as they must in order to keep her from defeat, the tide will be changed before another six months rolls around.

Judge James V. Allred, candidate for U. S. Senator, will visit Canyon Friday afternoon at 2:30 o'clock. He will be the first candidate for a

OUR DEMOCRACY—by Mat

FIRE—AXIS ALLY

EVERY MINUTE OF THE DAY A BLAZE FLARES UP IN THE U.S... FLAMES DESTROY MILLIONS OF DOLLARS WORTH OF ESSENTIAL PRODUCTION FACILITIES..... YEARLY, ACCORDING TO LIFE INSURANCE STATISTICS, FIRE TAKES TWICE AS MANY LIVES AS WERE LOST IN THE BATTLE OF GETTYSBURG. CARELESSNESS CAUSES MOST FIRES—IS RESPONSIBLE FOR MANY AN AMERICAN DEATH—THE LOSS OF MUCH NEEDED PROPERTY.

CARE SAVES AMERICAN LIVES—BUILDS AMERICAN POWER.

major office to visit Canyon. All citizens should take time out to greet him at the court house. Whether you are going to support Judge Allred or some other candidate, the voter should see and size up each of the candidates. This is going to be a free-for-all race. Most Texans know all of the candidates, but should be willing to take time off and visit with them while they are in Canyon.

Every few days a salesman comes in to shake hands and remark, "This is my last trip until after the war." Tires, cars, crowded trains and busses, and the lack of goods to sell join hands in taking salesmen off the road. Most merchants welcome the smaller number of salesmen, but on the other hand, country stores are up-to-date because of the frequent visit of these "knights of the grip." Perhaps they have added somewhat to the cost of merchandise—but they certainly distribute cheer and always bring a lot of new jokes.

After hearing nothing but bad news for six months, Americans are delighted to hear that our navy has at last met a part of the Jap navy and succeeded in smashing a number of major Jap ships. Our navy has always boasted of being superior to the Japs and this first major test proves the point. However, our enthusiasm should not cause any let down in our war efforts. Japan still controls the East and is on the verge of whipping China. We must get aid to China, or be engaged in war for many, many years to come.

Has Hitler something up his sleeve for this spring? If he does not have vast reserves in the way of planes, tanks and fresh men, the Russians will be able to hold the present lines, and perhaps start fresh offensives. There is something ominous from the German-Russo front. Needed supplies are flowing into Russia at an ever increasing tempo, in spite of the great loss of United Nations ships. Russia has the man power, if these soldiers can use the machines we are sending them.

More strikes in May than in April, according to a report from the Secretary of Labor. However, fewer men were in the May strikes than in the April strikes. The labor problem is one critical domestic question that the President has refused to tackle, believing that it will eventually settle itself.

Gasoline rationing has stirred up more trouble in Washington than the war.

College Claims Many 'Firsts'

West Texas State Has
Furnished Leadership
In Many Directions

West Texas State has pioneered in many fields. Her list of "firsts" include:

1. Establishment of the first Demonstration School in Texas.
2. Led the Teachers College fight for senior college standing.
3. Led the Teachers College fight for graduate work and gave the first graduate instruction ever offered in a Texas Teachers College.
4. Erected the first dormitory for girls at a Texas Teachers College.
5. Erected the first dormitory for boys at a Texas Teachers College.
6. Organized the first co-operative dormitory at a Teachers College in Texas, and now there are several.
7. Erected the best Demonstration School building in the Southwest. There is yet nothing in its class.
8. Erected the first museum building of a Texas college or university campus and is really the mother of the museum movement among state institutions of higher learning in the Southwest.
9. In athletics she has the following distinctions:

A. W. T. has the only basketball team in the Southwest that has attained national recognition over a period of years. This year we played in Madison Square Garden.

B. Buffalo Courts is the finest set up of its kind in the Southwest and the first exclusive dormitory for athletes among the colleges of the state.

C. W. T. was the first college in Texas to inaugurate night football.

D. Our coaching and physical education staff ranks higher in academic attainment than does any other college staff of its kind in Texas.

10. Under the influence of West Texas State, the public schools of Northwest Texas have taken a place of leadership among the schools of the state. Our schools enjoy on an average, longer terms, better prepared and better paid teachers, and better buildings than any other part of Texas.

11. West Texas State organized the first flying school among the Teachers College under the C. A. A.

12. Excluding the University of Texas and A. and M. College, we have received more gifts from private sources than any other state college. Small as this kind of support has seemed, we have assets today amounting to approximately one-half million dollars from private benefactions.

13. This institution inaugurated Religious Emphasis Week among Texas State Colleges.

14. Also, W. T. was the first to offer a "Family Relations Week"

Science Building Is Looming Up

Within a short time the new Science Building will take a form which will make lines recognizable.

Austin stone of a cream color similar to that of the museum will be placed upon the concrete foundation which was completed recently. Most of the front of the structure will be of this stone and terra cotta. Brick will be similar to that of other campus buildings and the roof line will be suggestive of the basic campus pattern.

Rapid progress has been made under the direction of John Milner, foreman for the construction firm of Ellis, Nicholson & Cramer of Oklahoma City.

College Exhibit Is Prepared for Meeting

In making preparations to leave for a national school for administrators in Michigan this month, President J. A. Hill is preparing an exhibit of materials illustrating the work of this institution.

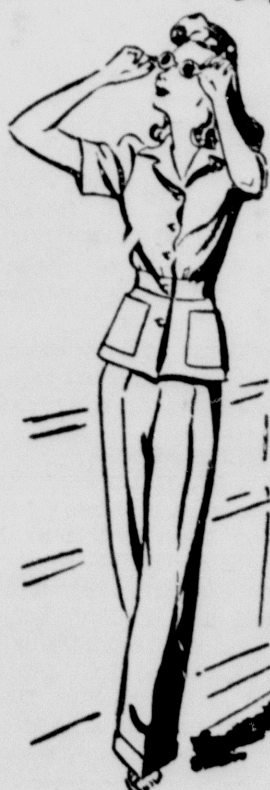

Booklets, pictures, studies, and illustrative materials of various kinds will be taken.

The school, financed by the Kellogg Foods Corporation, will be held from June 15 to 27. More than one hundred college presidents will attend.

The American Association of Teachers Colleges is helping to plan the big school and to select the experts who will be heard.

Polly Cluck To Be Bride of Mr. Ansel Powell

Mr. and Mrs. B. B. Cluck are announcing the engagement and approaching marriage of their daughter, Polly, to Ansel Kirk Powell, son of Mr. and Mrs. J. H. Powell of Amarillo.

Nuptial vows will be exchanged on July 3 at the First Methodist Church, Canyon.

The bride-elect was graduated from Canyon High School in 1939 and she attended West Texas State College.

Mr. Powell is a graduate of the Amarillo High School and is now employed by the Santa Fe Railroad.

TEN CLUBS REPRESENTED AT COUNCIL MEETING SATURDAY

Eighteen members representing 10 of the 11 clubs of the county were present Saturday afternoon for the meeting of the Home Demonstration Council.

Members voted for individual clubs to hold exhibits in business houses around the square in September even though the Tri-State Fair will not be held this year. Local exhibits will be confined to foods, but any phase of foods may be used. Each club is asked to report the name of its exhibit at the July council meeting. The displays of last year created a great deal of excitement among people of the town and county.

Mrs. E. W. Bourn and Mrs. J. J. Boling gave reports from the district meeting of the Texas Home Demonstration Association and Mrs. J. V. Williams' report was read in her absence by Mrs. G. A. Colling. One of the main points stressed in a talk given by Mrs. W. G. Kennedy, president of Texas Home Demonstration Association was the part rural women must play in winning the war by protecting the health through foods; by helping to keep up the morale and preparing for post-war adjustments.

Council members present were Mrs. L. L. Byars, Mrs. Arthur Albers, Mrs. John Jennings, Mrs. E. A. Michael, Mrs. J. J. Boling, Mrs. James E. Park, Mrs. G. A. Colling, Mrs. J. W. Wesley, Mrs. S. B. Elliott, Mrs. Johnson, Mrs. F. Begert, Mrs. E. W. Bourn, Mrs. J. W. Bourn, Mrs. Clay Fugua, Mrs. Jack Baker, Mrs. Jack Cage, Mrs. P. L. Walters and Mrs. Chas. Thurmon.

MRS. JOHN A. GILLIS IS CLUB HOSTESS THURSDAY

A pretty party was given by Mrs. John A. Gillis last Thursday afternoon at her spacious home on Sixth Avenue for members of the Merry Maids and Matron's Club.

Flowers in the pastel hues were used to set the theme for table appointments at games of "42" and for the refreshment plate. Tallies made by Sybil Ann Gillis, daughter of the hostess, featured pink and green sea shells which had been sent from Florida.

At a business meeting new officers elected were Mrs. W. A. Warren, president; Miss Helen Hickman, vice-president; and Mrs. Dan K. Usery, secretary-treasurer.

The hostess served a dainty refreshment plate at the tea hour consisting of frozen fruit salad with pink and green ribbon sandwiches, pink and green minted nuts and orange punch.

Seated were Mrs. J. J. Walker, Mrs. Clyde Warwick, Mrs. J. B. Speer, Mrs. Usery, Mrs. T. B. McCarter, Mrs. C. A. Murray, Mrs. J. S. Humphreys, Mrs. R. P. Jarrett, Mrs. J. A. Hill, Mrs. Warren, Mrs. J. L. Duflot, Mrs. S. H. Condron, Mrs. Harris M. Cook, Mrs. L. Angel, Miss Edna Graham and Miss Hickman.

LUCKY 13 CLUB AT THE HUD PRICHARD HOME

Mr. and Mrs. Hud Prichard were host and hostess at a buffet style chicken dinner Thursday evening of last week for members of the Lucky 13 Club.

A profusion of beautiful garden flowers were used to enhance the entertaining suite.

Bridge was the diversion during the remainder of the evening at which Mrs. Andy Walsh and G. A. Farlow were high score prize winners and received Defense Stamps.

Mrs. J. L. Duflot received the prize for having taken the most number of deuce tricks. Those seated were L. L. Hix, a special guest; Mrs. Joe Black, Mr. and Mrs. T. S. Maxwell, Mr. and Mrs. G. A. Farlow, Mr. and Mrs. T. A. Black, Mr. and Mrs. J. J. Walker, Mr. and Mrs. J. L. Duflot, Mr. and Mrs. A. L. Walsh and Mr. and Mrs. Prichard.

MRS. JARRETT HOSTESS TO 1930 BRIDGE CLUB

Mrs. R. P. Jarrett entertained members and guests of the 1930 Bridge Club Friday afternoon at her home 408 10th St. Lovely roses, honeysuckle and larkspur decorated the rooms and tables.

An ice course with cakes, cherries and punch were served to Mrs. Mitchell Jones, Mrs. Herschel Coffee, Mrs. R. A. Neblett, Mrs. Harris M. Cook, Mrs. John Gillis, Mrs. C. A. Murray, Mrs. Fred Walker and guests. Mrs. C. R. Burrow, Mrs. J. L. Duflot, Mrs. J. S. Humphreys, Mrs. S. L. Ingham, Mrs. C. H. Jarrett, Mrs. T. B. McCarter, Mrs. F. E. Savage, Mrs. D. A. Shirley, and Mrs. Clyde Warwick, members.

MISS LAWLEY AND MR. GARDNER MARRY JAN. 7

Mr. and Mrs. J. W. Lawley of Canyon are announcing the marriage of their daughter, Marjorie to Mr. Waymon L. Gardner of Ft. Lewis, Washington.

The nuptial vows were spoken January 7 at Las Vegas, Nev.

The bridegroom is the son of Mr. and Mrs. G. M. Gardner of Gracemont, Okla. At present he is in the coast artillery at Ft. Lewis.

The bride visited here with her parents recently. She is in Los Angeles, Calif., where she works in an aircraft factory.

Miss Zimmer and Bernard Ragsdale Of Groom Married

Miss Mary Florence Zimmer, daughter of Mr. and Mrs. Anton Zimmer of Canyon, became the bride of Bernard A. Ragsdale of Groom at the Methodist parsonage in Dalhart. The Reverend Sam A. Thomas, pastor, officiated.

Mrs. Ragsdale was graduated from Stratford High School and West Texas State College where she was a member of Kappa Omicron Phi, Who's Who in American Colleges and Universities, Y. W. C. A. and the Home Economics club. She is the vocational home economics teacher in the Groom public schools. Mr. Ragsdale is the son of Mr. and Mrs. K. D. Ragsdale of Whitesboro and is cashier in the State National Bank at Groom.

Those attending the wedding were Mr. and Mrs. Zimmer, Anton Zimmer, Jr., Miss Willenell Zimmer, and Mrs. Sam A. Thomas.

The couple will be at home in Groom after June 14. They left after the wedding ceremony on a short trip to Colorado and New Mexico.

MRS. S. L. JOHNSTON RALPH CLUB HOSTESS

The Ralph Home Demonstration Club met in the home of Mrs. S. L. Johnston Wednesday. Buttonholes and buttons were completed on 15 little trousers for the Red Cross.

Starring Kraut was the subject of the program with Mrs. Carl Schroeder, Mrs. Johnston, Mrs. Clarence Adcock and Mrs. Crews Henry each taking parts.

Members agreed that Kraut making in fruit jars was the most successful way.

Tasty refreshments were served to those above named and Mrs. S. G. Elliott, Mrs. L. L. Byars, Mrs. Joe Cox, Mrs. John Jennings, Mrs. H. L. Heizer, Mrs. Ira Scott, a new member, Mrs. S. S. Howell; and a visitor, Mrs. Culp.

The next meeting will be in the home of Mrs. Joe Cox with Miss Frances Wilroy demonstrating the canning of non-acid vegetables.

Students' Posters Shown in Museum

An attractive exhibit of posters has been on display in the art room of the Panhandle-Plains Museum.

They were the work of students of Prof. D. T. Swineford. The subject was the museum. The posters will be used to advertise the Museum in various cities. Similar posters also were made by the class for the College News Service.

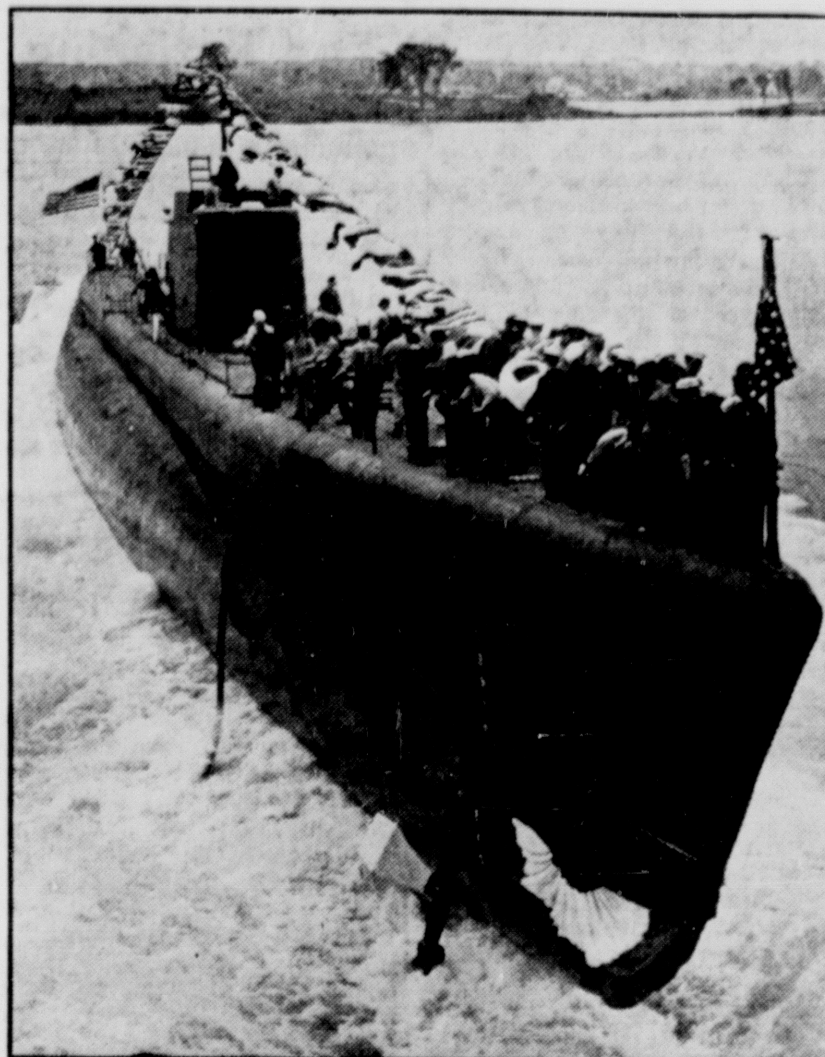

Gradual reorganization of the displays in the museum is underway. The new arrangement on the main floor makes the room appear larger. Displays also are being placed so as to tell a connected story of the development of the plains beginning with Coronado.

More than 300,000 persons have visited the museum since it was opened in 1933.

NEW INSTRUCTORS

Instructors added to the W. T. staff recently include Miss Mary Lou Roberson, art; Miss Louise Manigault, art; Mrs. H. H. Jackson, business administration; Cecil Briggs, industrial arts; Miss Virginia Martin, physical education for women; and Miss Angie Nail, nursery school. J. W. (Ted) Reid of Dumas will teach aviation courses beginning June 15.

Runner Joins Nation's Fleet

Another submarine is added to the nation's two-ocean fleet as the U. S. S. Runner slides down ways at Portsmouth, N. H., navy yard.

Spent Shells Will Serve Again

War materials of every kind are salvaged by the British in the deserts of North Africa. Spent shells are collected and sent to a base depot, where they will be melted down and used again in the war effort.

"That tenor who sang last night reminded me of a pirate."
"How so?"
"Because he did murder on the high C's."

"I suppose you want to dance?"
"Oh, yes, I love to."
"Well! That's better than dancing."

The Cenotaph, a monument honoring the heroes of the Alamo, was erected in 1936 in San Antonio at a cost of \$100,000.

Paintings by early nomadic Indian tribes of Texas are scattered for one-half mile along a bluff near Paint Rock in Concho County.

The four ships which constituted the Texas Navy during the Texas Revolution were named the Invincible, the Brutus, the Independence and the Liberty.

Forty is the old age of youth; fifty is the youth of old age.—Victor Hugo.

Pictures of angels are represented as women because it doesn't embarrass a woman to flit around in nothing but a pair of wings.

The first of the month generally produces those who insist in bringing sordid financial matters into the conversation.

Tell only gossip about others that you would have others tell about you.

The meek haven't inherited the earth, but they have inherited most of its bills.

Tip to Husbands: Next time your wife uses your razor for sharpening a pencil, remember that powder puffs are fine shoe shiners.

Query to optimists: If this is a pretty good world for the fix it's in, why is it in the fix it is in?

"My Job As Citizen of U. S." Subject Talk of Geo. Cox

George W. Cox talked at the Rotary weekly luncheon Tuesday on "My Job as a Citizen of the U. S." At this time there are negative as well as positive duties of every citizen. The negative are as plentiful as the positive, believes the speaker.

Malace and hatred must be controlled, even though it is hard to do during the war. The spirit of vengeance must be suppressed. "Vengeance is mine," said God. "But this does not mean that we shall not attend to the man who jeopardized our freedom," stated Mr. Cox. The mother who spans her child has no thought of vengeance or malice, but seeks to correct his mistakes.

"We have not always been just in our dealings with minorities," believes the speaker. He recalled the treatment of the Indians as an example.

Hitler has demoralized the thinking of his people in a short period of time. He has replaced the Bible with Mein Kampf, and has legalized crime.

Every citizen has a responsibility in winning the war—to serve his best in any way that he can serve. Every citizen should put into practice the Rotary principle of friendship with our neighboring nations. The Canadians, the Mexicans and other Americans are fine people when we learn to know them. The biggest job that this nation

has is to be just with our enemies after the war ends and to help them back to the right way of living.

Visitors were: L. E. Depew and Richard Harvey of Shamrock; Gordon Morrison and W. Ramsey of Amarillo; A. C. Prewitt of Portales, N. M.

Guests this week in the home of Mrs. Pattie Wilson are her daughter, Mrs. A. M. Bryant and granddaughters, Mrs. Griffin Dollarhide and Miss Betty Bryant all of White-wright.

Sgt. Maurice Cooper of Sheppard Field spent the week end visiting Mr. and Mrs. Clay Cooper. Mr. and Mrs. O. D. Cannedy of Panhandle and Mr. and Mrs. John Cooper of McLean came Sunday to see him. Mr. and Mrs. C. E. Hill of Dalhart, parents of Mrs. Cooper, also visited here Sunday.

Mrs. Gieb Bourianoff and son will leave this afternoon for their home in New York City after spending two weeks at the home of her mother, Mrs. Josie Atkins.

to your wartime morale!

**JARRETT
DRUG**

the Air Forces Enlisted Reserve when details of the recent raid on Tokyo were released. For one of the fliers named by President Roosevelt to receive distinguished service crosses was Lieut. Robert Lowell Hite, a former student.

Grimly remembered, too, are the deaths of J. E. Pletsch at Pearl Harbor and Ray Cox in the Far East. These were popular athletes at West Texas State a few years ago.

Scores of college men and ex-students are signing up in various military branches. In the Air Forces Enlisted Reserve Corps are William E. Stockman of Malta Bend, Mo., Melvin D. Cleek; A. H. Prichard, Jr., of Canyon; Dennis E. Kern of Spearman; Howard E. Boling of Canyon; William L. Potter of White Deer; Robert H. Wilson of McLean; William H. Driscoll of Conway; William E. Patman of Clarendon, and George S. Curyea of Panhandle.

Forwarded to Washington were the applications of the following men for ground duty in Aviation Cadet training: Robert D. Foster of Canyon, Joe Crisler of Pampa, James Hodges of Tulla, Frank Quentin Ward of Canyon, Kennard Smith of Wellington, and Robert Orton of Canyon.

Other men who enlisted at the same time were Melvin D. Cleek, Herbert C. Harter, Jr., and John Martin, Jr., in the Air Forces, and D. K. Henson, Jr., C. A. Stewart, and Edward E. Hatchett and Kenneth E. Pharr in the ground division.

Even in big cities, we notice that every little movement has a candidate all its own.

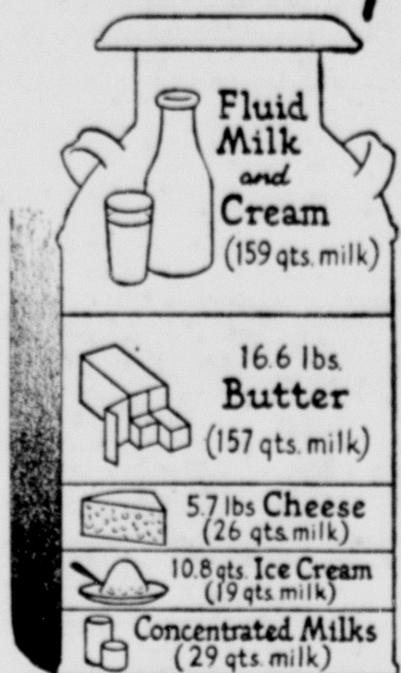

Threats seldom accomplish amiable settlements, but they sometimes help.

Too much money may go to a man's head; but it generally goes to a woman's back.

The only thing wrong with babies is that they grow up, stop being human, and become people.

In most homes, father is mother's silent partner.

HOW DO YOU USE YOUR MILK QUOTA?

Source of data — U. S. D. A.

More milk is consumed in fluid form in the United States than in any other way. As milk and cream, the average person consumes the equivalent of 159 quarts of milk a year. Milk is the nation's No. 1 protective food. "To achieve optimum health, consumption should be greatly increased," states Mrs. Ethel Austin Martin, Director of Nutrition for the National Dairy Council. The minimum recommendation of one pint of milk for each adult and one quart of milk for each child calls for an average per capita consumption of about 270 quarts of milk in fluid form.

Butter is the best natural food source of vitamin A. It also contains certain other growth factors not found in most fats. The average person in the United States consumes 16.6 pounds of butter a year which is much less than is desirable for optimum health. To make this

An Average Person
Consumes the
Equivalent of
390 Quarts of Milk
Each Year

amount of butter, 157 quarts of milk are required.

Because cheese contains nearly all the ingredients of milk, it is considered one of the most important of the protective foods. From the standpoint of both economy and food value, it deserves a much more important place in the American diet. The 5.7 pounds of cheese which the average American consumes in a year requires 26 quarts of milk in its manufacture.

Ice cream is rapidly coming to be appreciated for its palatability, food value and economy. Consumption of ice cream is more than double that of eight years ago and is increasing rapidly. Nineteen quarts of milk are needed to make the 10.8 quarts of ice cream that the average person consumes in a year.

In addition to the above well-known products, 29 quarts of milk go into the manufacture of concentrated and dry milk products.

News In Canyon 25 Years Ago

(Taken from the files of the
Randall County News of
June 14, 1917)

Postmaster Cyrus Eakman has received notice that the Canyon postoffice will be advanced to second class on July 1.

The Canyon Home Guard went out of existence because of lack of interest on the part of the men and boys of the community. It started with 125 men drilling weekly and ended with a dozen.

Leases were taken on 24,000 acres by the empire Oil & Gas Co., according to J. D. Gamble.

T. V. Reeves' car was stolen in Amarillo.

Fairview Breezes

We enjoyed the message delivered by Rev. Ted Langford Sunday morning.

Geraldine Sharpes returned to Amarillo Thursday to re-enter business college.

We were glad to welcome Mrs. C. M. Tucker and son, Woodrow, to church Sunday.

Mr. and Mrs. G. E. Wesley and the S. A. Evans girls were Sunday visitors in the Hollis Shipman home.

Lavinia Amerson visited her sister, Mrs. Coye Elkins, Saturday.

Mrs. S. F. Sharpes is on the sick list.

Mrs. J. W. Wesley attended the Randall County H. D. Council Saturday evening in Canyon.

Rev. Ted Langford, wife and two children were Sunday visitors in the J. W. Wesley home.

We are glad to welcome Mr. and Mrs. Woods to the old H. E. Wesley home.

Arlen Ray Wesley is spending the summer with his grandparents.

From where I sit...

by Joe Marsh

A FEW weeks ago, I had occasion to visit some friends of mine in Nebraska.

Nebraska certainly is a great State. I like Nebraska. I like those immense cornfields that seem to stretch from horizon to horizon. (Plenty of wheatfields in Nebraska, too.)

But the thing that interests me most about Nebraska right now is the very important social experiment the beer people started there several years ago.

Beer itself is naturally a beverage of moderation. Yet, all too often, people are inclined to blame beer wrongly for any misconduct of the customer or the proprietor in a place licensed to sell beer.

So, the brewers got together to see what they could do about this. They weren't really responsible for their retailers... in fact, they're not allowed to control retailers. But the brewing industry worked out a plan by which it cooperates with the public authorities to eliminate bad conditions in the minority of places whose conduct would reflect on the law-abiding majority.

The beer people urge proprietors of retail places to conduct them properly and to obey the law. They urge consumers to cooperate, and ask the public generally to report law violations to the authorities. They send warnings to careless retailers and if conditions are not corrected they take the case up with the authorities. Naturally the authorities and the public have welcomed this as an added force in building respect for law and order.

That program is now operating in many states — and with the Nation at war, brewing industry organizations cooperate with civil and military authorities to assure good conditions in beer outlets around the army camps and naval stations.

Somewhat, to me, that's a mighty important, public-spirited effort. I don't know of anything like it ever having been tried before. If people really help the brewers with that program they'll be doing a great thing for the country.

Joe Marsh

Commencement to Be July 25

All Students Finishing
This Summer Are to
Participate in Service

West Texas State's summer commencement service will be held on Saturday night, July 25 at the conclusion of the first 9-week term.

Students completing their work at the end of both terms will go through the graduation ceremony on July 25, but actual delivery of degrees and diplomas will be delayed until the end of the second term for those not completing their work until September 5. Other graduation program arrangements have not been made.

Current enrollment is approaching 525.

One hurried check on enrollment cards showed 63 freshmen, 70 sophomores, 124 juniors, 170 seniors, 58 graduates, 6 special students and 7 post-graduates. There are about 170 pupils in the Demonstration School and more than a score in nursery school.

Underclassmen are more numerous than the totals for the same period last summer, but there is a small decline in the number of upperclassmen.

Highland News

Mrs. Scott Brooks, Mrs. T. C. Isreal and Mrs. George Cook were hostesses at the Cook home Thursday afternoon honoring Mrs. Rex Hudson, nee Miss Louise Austin, with a bridal shower.

Louis Wieck of Umbarger visited at the Batenhorst and Fuqua homes Sunday afternoon.

Mrs. Rhoads and children visited at the MacFay home Thursday.

Mr. and Mrs. Pete Goudly have taken over the Wildorado Cafe. Mr. McDade, the former owner, is now employed at the Helium Plant.

Mr. and Mrs. Jack Cage had dinner at the Fuqua home Sunday evening.

Mrs. Hamilton is staying with her son Orval Davis, since Mr. Davis' recent death.

Only light showers have been received in this community from our cloudy weather recently.

The stenographer down the street says that most mouths are like safety pins; they're safer when closed.

Won't be so bad if the girls do have to go without permanents during the war; the men won't be home to see them anyhow.

Wayside Items

Hubert and Glen Franklin spent the week end in Happy visiting relatives.

The ladies cleaned and painted the Sunday School class rooms in the basement of the church last week.

J. R. Stockett and family, also W. R. Franklin made a trip to Amarillo and Canyon Monday. The Stocketts took a beef to Taylor & Sons at Canyon to have butchered and put in their locker.

The Grady Kennedy family and Mrs. J. R. Stockett, Peggy and Billy, were Tulla callers Saturday afternoon.

The A. L. Stevens and Jack Buser families were Amarillo callers Saturday.

We had two light showers of rain last of the week.

LONG MAY HER PERMANENT WAVE!

HE: Hello... that you, Helen? Listen, I forgot to tell you to send the car over for greasing and an oil change.

SHE: Oh, all right Bob, but what about the tires and the battery and all the other things it might need?

HE: Right... everything should be attended to. Gosh!... can't you take some responsibility for the car?

SHE: All right, smarty... I have taken the responsibility. I joined the Once-a-Week Club today.

HE: Great Caesar's ghost! Another club! Didn't we just agree last night to cut out unnecessary expenses?

SHE: That's exactly what we are doing. This is a club without any dues, fees or anything.

HE: I'm listening... proceed with caution!

SHE: Well, you know that nice Conoco station over on Myrtle Street? I went in there this morning and Mr. Blevins, the Mileage Merchant, told me he would go over our car every Thursday morning; check the tires, the battery, water... in fact, everything... and if he saw anything needed, he would write it down for me.

HE: Atta girl! This war will make a business woman out of you yet!

SHE: Oh, yeah? Well, I may be a business woman, my dear, but I'm going to get a permanent this afternoon just to prove I'm still a female... and the price will be charged up to the extra life of our car and the savings we're going to have because of that Conoco Once-a-Week Club.

Pick up your phone or drive by and tell Your Conoco Mileage Merchant to let you in on his Once-a-Week Club. Ask him about changing to his Conoco Nth motor oil, to give your engine the great big change to OIL-FLATING. Continental Oil Company

FOR THE DURATION of your car

Don't depend on spasmodic and hurried stops for gasoline to have your tires and car checked. Join my ONCE-A-WEEK CLUB. Choose one day each week to bring in your car. I will check and properly inflate your tires, check oil, radiator, and battery. I will look for and report anything beyond this that appears to need attention. I will keep a careful record of greasing and oil change and remind you when these services are needed. I am here to help you get the maximum service and life from your car at the least possible cost and trouble to you.

Tax Collector, Randall County, Texas

Museum Work to Include Writing

Outstanding Collection of Fossils Here Basis of Continued Study

The enormous task of identifying, preserving, indexing, filing, and in some displaying the thousands of fossils, relics, records, and other valuable objects at the Panhandle-Plains Museum is being undertaken this summer by Dr. A. J. MacAlpin, professor of geology, and Boone McClure, assistant curator.

The work could continue for several years if the time for it could be spared.

Dr. MacAlpin this week is making a cross index of reprints so that local research may be checked against that previously done. He also is working on several large fossils. Fred Standley, a student enthusiast, is assisting him. The

work now being done will be the basis of published articles.

Special work is being done on a Stegocephalian fossil found north-west of Amarillo by a W. P. A. scientific party. The Museum has one of the world's best collections of these Triassic fossils. The specimens will be arranged in a series according to age and size.

More than thirty casts of paleontological finds have not been opened since the fossils were removed from Panhandle excavations. Preservation of these is a matter of skill and patience.

Dr. MacAlpin recently spoke on the geology of the canyons to a group of Episcopal young people at Ceta Glen. This illustrated talk on the Panhandle's yesterdays may be repeated here soon.

Mr. McClure is trying to identify all objects in the many collections in other portions of the museum. He is writing new and more extended information cards for materials being displayed.

Help Keep Canyon Clean!

The Farmer Takes a Jeep

Tests at the Department of Agriculture's Tillage Machinery Laboratory, Auburn, Ala., show what jeeps can do in plowing a field and preparing the seedbed. Post-war salvage uses for the versatile blitz-buggies are being considered.

Nursery School Enrolls Twenty-Two Young Canyon Children

As preliminary training before starting to school, 22 children between the ages of two and four, are enrolled in the nursery school, sponsored by the Department of Home Economics with Miss Angie Nell as instructor.

Arriving on the campus at 8:30 o'clock in the morning, the children play indoor and outdoor games, using equipment set up behind the Home Management House for the outdoor games. At 10:30 o'clock the children are served a little "snack" before continuing the morning schedule. At noon, the children are served a well-rounded lunch. The pupils are dismissed at 12:45 noon.

A typical menu for the nursery school is ground beef, mashed potatoes, peas, carrot sandwiches, milk and baked custard. The menu is changed daily and the food that is served is of rich nutritional value.

Johnson Items

Farmers Elevator Co.

Canyon, Texas

"Chick" Neilson, Mgr.

Announcement!

We wish to announce the opening of our recently acquired elevator, formerly known as the Neff Elevator.

Mr. W. H. Stroud will be in charge of its operation. Mr. Stroud is well known to all farmers, and has handled much of your wheat and other grains in past years.

We want your grain, and will always pay the highest market prices.

STORAGE FOR WHEAT

We are affiliated with the Producers Grain Corporation of Amarillo and Fort Worth, which connection will place us in a very advantageous position for storage of loan wheat.

As you well know, storage will be a real problem this year. We cannot promise that we will be able to find a place for all of your wheat, but we do commit ourselves to make every effort possible in this connection.

BONDED FOR YOUR PROTECTION

We are bonded to issue local Warehouse Receipts, and will give you prompt service in handling your wheat.

We shall greatly appreciate your business, and cordially invite you to come and talk the matter over with us.

Tri-State Fair Is Called Off For Duration

There will be no Tri-State Fair in Amarillo for the duration of the war.

The directors met Friday and called off the annual fair. This was in keeping with the movement over the nation to abolish fairs because of the acute rubber condition.

The fair grounds and buildings will be used for war purposes, according to reports.

Zita Breezes

Mr. and Mrs. Henry Brumme drove to the north plains Sunday where they have farming interests.

Mrs. Baile McCormick and children returned home Sunday from a visit to Rankin.

Mr. and Mrs. D. C. McCormick were visitors in the H. R. Fulton home Friday afternoon.
